Stockton, CA - September 24, 2018 Brookside General Insurance Services Inc is excited to announce that it will make its Programs available to agents using Appulate. The various programs will offer agents a real-time rating / quoting of risks right from within Appulate.

By using Appulate, retail agents will be able to upload ACORD and easily complete additional questions in order to receive a real-time quote. By working with Appulate, Brookside will bring automated programs to the nearly 30,000 independent agencies using Appulate nationwide.
